

Welcome to Preschool at Mary Queen of Peace Catholic School

MQP Preschool is part of the Faithful Beginnings initiative, developed by Catholic Schools Center of Excellence. The program embodies the faith, values, and excellence that characterize Catholic early childhood programs across the Archdiocese. It highlights the safe, nurturing environments Catholic preschools provide. Faith and virtue formation are sown into all aspects of the curriculum, and children learn respect, love, forgiveness, service and compassion. Faithful Beginnings students also become an integral part of the entire elementary school community from day one. In this way, children are welcomed into a community of faith, where they know they are loved and feel they belong.

Creative Curriculum focuses on a whole-child approach to education—one where children have opportunities to develop not only math and literacy skills, but also social-emotional, physical, and cognitive skills. It prepared children for life well beyond their time in a classroom. This curriculum is proven to increase kindergarten readiness, and is aligned to all state early learning guidelines. We also use I Am Special, a Catholic curriculum that includes scriptures and age-appropriate learning about our faith. Children are invited to explore, discover, and learn more about themselves, relationships with others, and about God's creations.
